

Association of Cambridge Educators
in Southern Africa

www.acesa.co.za

Dear ACESA member school

In 2010 we would like to keep you up to date with the latest information and the ongoing work that ACESA does in South Africa.

5th International teacher's conference Singapore October 2009

Three EXCO members attended the 5th International Teachers Conference in Singapore 2009. The theme 'Language in Science' highlighted the importance of language in other subjects. A visit to a local primary school proved the significance of the CIPP (Primary Program).

Pictured are Graham Stewart-Burger (Head of St Charles College Prep in Pietermaritzburg), Margy Oshry (Dean of the British International Colleges in Bryanston and Pretoria) and Richard Callison (Principal of Cambridge Academy in Witbank)

ACESA Booklets

The first edition of the booklet :

'A Guide to Cambridge Qualifications in Southern Africa' was released at the AGM in February. The books are available to distribute to students, parents and staff. They can be ordered by completing the attached form.

The books are available at R6.00 each.

A Guide to Cambridge
Qualifications in South Africa

Training

We held training for **AS Level English Language, Mathematics and Biology** in conjunction with the AGM. This was well received and the trainers were commended for the beneficial training they received. We envisage having training again in August. *Thanks to the British International College for hosting the AGM and training.*

Upcoming events

ACESA CONFERENCE August 2010 (date to be confirmed)

An ACESA conference is proposed to run every second year and is set to take place in Gauteng in late August of 2010. A speaker from New Zealand has been invited to speak at the conference.

ACESA Website

Each centre is encouraged to send a logo/photo, short write up and a link to the secretary, acesa@scc.co.za.

In the next issue:

- Focus on the Cambridge Primary Program
- Cambridge Brilliance in the World Awards
- Cambridge Schools Feature
- Meet the ACESA Executive

Kind regards

Allen van Blerk
Chairperson of ACESA 2010
